

Usage of Student Discount Tickets

This is a considered reminder not to use your Japan Rail Student Discount Tickets illegally.

We regret to inform you that it was discovered in December 2011 that one of our students falsified the data on Student Discount Card and purchased Japan Rail Student Discount tickets with it for him/herself and others.

This is not only illegal but also damaging to the credibility of Sokendai. We reprimanded the student for his/her indiscretions.

We would like to ask you to use Student Discount Tickets appropriately.

We certainly appreciate your understanding.

Sincerely yours,

January 23, 2012
