Admission Policy

<What SOKENDAI expect of our grad students>

The Graduate University for Advanced Studies, SOKENDAI, seeks students who have a strong interest in research, who constantly hone their abundant intellect and sensitivity with the aim of conducting research that will open up a new era, while taking a “bird’s-eye view” of the entire field of study, and who have the will and enthusiasm to be active on the international stage.

<Basic policy for the selection of our grad students>

In selecting students for admission, SOKENDAI places importance on basic academic ability and logical thinking ability to actively promote research in the cutting-edge 20 research institutes affiliated to SOKENDAI. In order to properly judge such abilities, various selections will be made according to the respective fields of specialization.

2 Qualifications for Application

Applicants must fulfill one of the following conditions

Applicants who are not required to have qualification screening;

(1) Applicants who have graduated or are expected to graduate from a Japanese university specified in Article 83 of the School Education Law by the preceding month of enrollment.

(2) Applicants on whom a Bachelor’s degree has been conferred or are expected to be conferred by the preceding month of enrollment in accordance with Article 104, Paragraph 4 of the School Educational Law. *1

(3) Applicants who have completed or are expected to complete 16-year course of school education in a foreign country by the preceding month of enrollment.

(4) Applicants who have completed or are expected to complete 16-year course of school education in a foreign country by taking the correspondence courses provided by a school in said foreign country while residing in Japan by the preceding month of enrollment.

(5) Applicants who have completed or are expected to complete a program in an educational institute in Japan
designated separately by the Minister of Education, Culture, Sports, Science and Technology, that provides programs of a foreign university within the 16-year school education of said foreign country, by the preceding month of the enrollment. This applies solely to those who have completed 16-year program of school education in said foreign country.

(6) Applicants who have been conferred or are expected to be conferred a degree equivalent to a Bachelor's degree by the preceding month of enrollment by completing an educational course of three or more years in a foreign university or in a foreign educational institute; which shall be evaluated by an organization approved by a relevant official institution in the country for their education and research activities, or recognized as so by the Minister of Education, Culture, Sports, Science and Technology. The course shall include a correspondence course which enables students to study in Japan by a university or an educational institute which is approved by the educational system of the country and satisfy the above requirements.

(7) Applicants who have completed or are expected to complete the specialized course of a vocational school designated separately by the Minister of Education, Culture, Sports, Science and Technology in accordance with Enforcement Regulation of the School Education Law, Article 155, paragraph 1, item 5 (limited to programs for which the term of study is four years or more, and which satisfies the standards determined by the Minister of Education, Culture, Sports, Science and Technology) on or after the date determined by the Minister of Education, Culture, Sports, Science and Technology, or by the preceding month of enrollment.

(8) Applicants who are designated by the Minister of Education, Culture, Sports, Science and Technology in accordance with Enforcement Regulation of the School Education Law, Article 155, paragraph 1, item 6 (i.e., Ministry of Education Notification number 5, 1953) *2

Applicants who are required to have qualification screening before the general application can be submitted;

(9) Applicants who fulfill any of the following provisions (a) to (c) below, and have been recognized by SOKENDAI as having acquired the specified credits with excellent results; (Note)

(a) Applicants who have completed 15-year course of school education in a foreign country by the end of preceding month of enrollment,

(b) Applicants who have completed 15-year course of school education in a foreign country by taking the correspondence courses provided by a school in said foreign country while residing in Japan,

(c) Applicants who have completed or are expected to complete a program in an educational institute in Japan designated separately by the Minister of Education, Culture, Sports, Science and Technology, that provides courses of a foreign university within the 15-year school education of said foreign country, by the preceding month of the enrollment. This applies solely to those who have completed 15-year course of school education in said foreign country.

(10) Applicants who have been or will have been enrolled in a Japanese university specified in Article 83 of the School Education Law for at least three years by the end of preceding month of enrollment, and have been recognized by SOKENDAI as having acquired the specified credits of said university with excellent results.
(Note)

(11) Applicants who have entered a graduate school other than SOKENDAI in accordance with the Article 102, paragraph 2 of the School Education Law, and have been recognized by SOKENDAI as having the appropriate academic ability to follow the content of graduate coursework. (Note)

(12) Applicants who have been recognized as having academic ability equivalent to a university graduate or higher by the individual screening of Admission Qualifications of SOKENDAI, and attain the age of 22 by the end of preceding month of enrollment. (Note) *3

*1 Applicants to whom the provision (2) above applies are those on whom a Bachelor’s degree has been conferred or is expected to be conferred by National Institute for Academic Degrees and Quality Enhancement of Higher Education (formerly, National Institution for Academic Degrees and University Evaluation).

*2 Applicants to whom the provision (8) above applies are those who have graduated or are expected to graduate from a university under Old University Ordinances, or Daigakko under orders for organization and acts of establishment of government ministries or agencies.

*3 Applicants to whom the provision (12) above applies are those who have graduated or are expected to graduate from junior college, technical college, vocational school, other schools, Japan campus of foreign university, foreigners’ school in Japan and other educational institutes, and who have been recognized by SOKENDAI as having academic ability equivalent to a university graduate or higher by individual screening.

If you have any questions regarding the qualification for admission, please contact the Student Affairs Section (E-mail: gakusei@ml.soken.ac.jp or telephone no.: +81-46-858-1525/1526) in advance.

3 Qualification Screening for Application

Applicants who intend to apply under the provisions (9) to (12) in “2 Qualifications for Application” are required to submit the following documents to the Student Affairs Section by the designated deadline. Application documents shall be withheld until the qualification screening is completed.

(1) Documents Required for Qualification Screening for Application

(a) Application for Certifying Applicant’s Qualification (Attached Form 7-1)

(b) Application documents (as described in “5 Application Documents” below)

Examination fee, however, should be paid after application qualification is approved.

(c) Other documents required by this program. For details, please refer to Program office.

(a), (b) and (c) above must be submitted all together.

(2) Application Period for Qualification Screening

(2) Academic transcripts (original)
(a) Applicants who intend to apply under the provision (1) in “2 Qualifications for Application” should submit academic transcripts from the undergraduate school. In case any of the credits was approved after transferred to the undergraduate school, academic transcripts from the technical college or other college are also required.
(b) Applicants who intend to apply under the provision (2) in “2 Qualifications for Application” should submit all the academic transcripts concerning the Bachelor’s degree.
(c) Applicants who intend to apply under the provisions (3) to (9) in “2 Qualifications for Application” should submit the academic transcripts from the foreign undergraduate school.
(d) Applicants who intend to apply under the provisions (10) to (12) in “2 Qualifications for Application” should submit the academic transcript from their final academic background.

(3) Certificate of (expected) graduation (original)
(a) Applicants who intend to apply under the provision (1) in “2 Qualifications for Application” should submit the certificate of graduation from the university which a Bachelor’s degree has been conferred from.
(b) Applicants who intend to apply under the provision (2) in “2 Qualifications for Application” should submit the certificate from National Institute for Academic Degrees and Quality Enhancement of Higher Education (formerly, National Institute for Academic Degrees and University Evaluation).
(c) Applicants who intend to apply under the provisions (3) to (9) in “2 Qualifications for Application” should submit the certificate of (expected) graduation from the foreign university.
(d) Applicants who intend to apply under the provision (10) in “2 Qualifications for Application” should submit the school-certificate, and applicants who intend to apply under the provisions (11) and (12) in “2 Qualifications for Application” should submit the certificate of graduation of their final academic background.

(4) Statement of Purpose (Form 2)
Applicants who apply to a second-choice program should copy and prepare the form for the second-choice program separately.

(5) Examination fee of 30,000 yen
For payment details, please refer to Form 8. MEXT scholarship students do not have to bear the examination fee, therefore certificate of MEXT scholarship student status is required.

(6) Recipient’s address labels (Form 9)

(7) Application for language request for the examination of major subjects (Form 10)

(8) Elective Registration Form for Specialized Subjects (Form 11)
Refer to “Important Notes for Applicants”.

(9) TOEFL/TOEIC/IELTS score
Please select how to submit your English score on Form 12-1. Refer to “Important Notes for Applicants”.

7
(10) Envelope for admission ticket for the examination
Applicant’s name, address and zip code (postal code) should be written on the prescribed envelope (attached to the Application Guidelines), and 674 yen of postage stamp should be affixed.

(11) Curriculum Vitae (Form 1-2)
Only for international applicants and Japanese applicants who have received their education outside Japan

(12) Documents certifying the applicant’s research abilities, such as thesis, research reports and other materials are also accepted, if applicable.
Applicants who apply to the second-choice program should submit another set of copy of the documents for the second-choice program separately.

(13) Permission for Studying While in Employment (Form 6)
Applicants who are currently employed full-time are required to submit Permission for Studying While in Employment (Form 6). In case the permission cannot be obtained or the applicant intends to resign before enrollment, s/he may submit a statement of reason sealed by her/himself. In this case, “Letter of Permission to be enrolled while employed” or “Certificate of Resign” must be submitted at the time of admission.

(14) Confirmation Letter regarding the Applicability of the Specific Categories for Compliance with Article 25(1) and (2) of the Foreign Exchange and Foreign Trade Act (Form 17)
Applicants residing in Japan (including international applicants who have been in Japan for 6 months or who have been employed in Japan) are required to submit Form 17. Please refer to the simple check flow chart (*) to complete the form. For details, please contact the Research Coordination Section. [E-mail: kenkyo@ml.soken.ac.jp]

(15) A copy of Residence Card (international applicants residing in Japan) or A copy of passport (international applicants residing outside Japan at the time of application)

Notes:

i. Incomplete documents shall not be accepted. No documents shall be returned.

ii. In case the applicant’s name has changed after marriage etc., a copy of family register should be attached.

iii. Form 2 is also downloadable at our website.

iv. Application documents should be written in Japanese or English. If you submit the certificate neither in Japanese nor English, please also attach the certificate in Japanese or English.

6 Screening Procedures
Screening will be conducted based on submitted application documents and results of academic tests. For the details of the screening methods for this program, please refer to “Important Notes for Applicants”.
If you apply to more than two programs, please note that screening is conducted individually, and the date or
venue may differ depending on the screening.

Further details will be sent to applicants.

Results will be mailed to the successful applicants. Announcement of results will be made on the SOKENDAI website (https://www.soken.ac.jp/en/admission/general_admission/result/), however, results shall be confirmed by notification by mail. Inquiries regarding the results by telephone or other means will not be responded to.

8  Admission Procedures

(1) Admission period is scheduled as below:

The middle of March 2023 for the enrollment of April 2023

Successful applicants must complete the admission procedures during the prescribed period. Further details will be notified to successful applicants separately.

(2) Fees required for admission are as follows.

   Entrance Fee: JPY 282,000
   Tuition Fee for six months: JPY 267,900
   Student Insurance Fee for five years: JPY 5,750
   (Personal Accident Insurance for Students Pursuing Education and Research)

Note:
1. In case the entrance or tuition fees are revised at the time of or during enrollment, the revised fees shall be applied from the date of revision.

2. Entrance fees shall not be refunded under any circumstances once the payment is made. Premium for the student insurance, however, may be refunded only if applicants decline the admission by the cut-off dates as below:

   March 31, 2023 for the enrollment of April 2023

3. Applicants who are currently employed full-time should submit a “Letter of Approval” issued by the employer that acknowledges the enrollment while employed. Resignation certificate must be submitted if you resign before you enroll at SOKENDAI.

4. Applicants who are enrolled at a school other than SOKENDAI at the time of application (not including applicants who will have graduated/completed the school before you enroll at SOKENDAI) must submit the certificate of withdrawal from said school.

5. Foreign nationals are strongly advised to acquire a student visa unless a particular reason would prohibit them from doing so. Detailed information on how to acquire this type of visa is available on the SOKENDAI’s website.

9. **Extended Study Doctoral Program**

   Extended Study Doctoral Program is for students who have extenuating circumstances, such as being employed, so that they can study for a longer period instead of the 5-year standard program term. For further information, please contact the Educational Affairs Section.

   E-mail: kyomu@ml.soken.ac.jp, or Fax: +81-46-858-1632

10. **General Notes**

   1. Before applying and taking the entrance examination, applicants should read through “Important Notes” and IV. The course subjects and the faculty members.

   2. Submitted documents shall not be returned. No changes or alternations to the submitted documents will be accepted after filing.

   3. Admission might be revoked in case of any false entry or act of dishonesty on application documents and other documents.

   4. Applicants who wish to transfer to SOKENDAI from other graduate school must contact Student Affairs Section before the last day of the application period.

   5. Applicants with disabilities who require special consideration at the examination and after enrollment are advised to inform SOKENDAI three months prior to the application period.

   6. Applicants should inform the Student Affairs Section if they wish to withdraw their applications.

   7. In case the applicant has changed the mailing address after submitting the application documents, please inform the Student Affairs Section of the change.

   E-mail: gakusei@ml.soken.ac.jp, or Fax: +81-46-858-1632

   8. Students are not allowed to simultaneously register at other universities while studying at SOKENDAI.
(9) Please be sure to check our website for any changes in the method of admission selection due to the impact of new coronavirus infection or other factors.

11 Security Export Control
Depending on the specifics of the education and research instructions they wish to receive upon entering the program, applicants may be subject to regulations on the export/transfer of controlled technologies based on the Foreign Exchange and Foreign Trade Law. Please consult the program office for further details.

12 Privacy Policy
(1) Any personal information including applicant's name and address submitted to SOKENDAI as part of the application documents shall be used during the application process such as applicant/examination procedures, notification of results and admission procedures. After enrollment, personal information shall also be used for student affairs (school register and course registration), student services (health care, tuition exemption and scholarship application, and career support) and administrative purposes of processing payments for entrance and tuition fees.

(2) Personal information obtained in the screening process such as examination results, shall be used for aggregate analyses of examination results and research for use in the screening process.
Important Notes for Applicants to Molecular Science Program  
(Five-year Doctoral Program)

This program, offered by the Institute for Molecular Science (Okazaki City), fosters a future generation of researchers who will establish a systematic understanding of molecules—which are the basic constituent units of matter—and elucidate the diverse phenomena that matter presents. We aim to produce graduates who can conduct advanced research (experiments, measurements, theories, etc.), rationally understand the results of their research, challenge unexplored problems with creative ideas, create new intellectual values and universal truths, and contribute to the development of humanity based on molecular science.

1. Application

Read throughout the Application Guidelines and our website for admission information in preparing application documents:  https://www.ims.ac.jp/en/education/boshu.html

For details of research subjects of faculty members, see the websites:

https://www.ims.ac.jp/en/education/group_list.html

Applicants can also contact their expected academic advisors directly by e-mail. The website of Institute for Molecular Science, where educations and researches take place, and of the program, are as follows:

https://www.ims.ac.jp/en/
https://www.ims.ac.jp/en/education/

Applicants can apply to the second-choice program from Astronomical Science, Fusion Science, Space and Astronautical Science, Materials structure Science, Basic Biology, Physiological Sciences or Integrative Evolutionary Science. Please note that screening is conducted individually, and the date or venue may differ depending on the screening.

2. Selection Method

Selection will be made based on examining submitted application documents, written examinations and interviews.

1) Examination of application documents: conducted by referring to submitted transcripts etc.

2) Written examination:

Specialized subjects: Applicants must choose two subjects they will answer from the following six subjects when applying (according to Form 11): (i) physical chemistry, (ii) organic chemistry, (iii) inorganic chemistry, (iv) biological chemistry, (v) physics A (classical mechanics, electromagnetism), and (vi) physics B (quantum mechanics, thermodynamics and statistical mechanics). The test duration is 40 minutes, and the answer collection etc. will take about 20 minutes, for a total of 60 minutes per subject. The written examination will be conducted remotely. Online guidance for Examinees will be held on October 13 in the morning (tentative date). (Please be sure to attend it because this guidance is an important opportunity to check the connection etc.)

3) Interview:

15-minute question session is to be conducted to examine the applicant's fundamental scientific knowledge, research ability and motivation for researches etc. The interview will be conducted remotely via online.
4) English:
Applicants are required to obtain the below-mentioned TOEFL, TOEIC or IELTS score. Please make sure that applicants are not allowed to take main entrance examination unless he or she has the required TOEFL, TOEIC or IELTS score.

TOEFL: Official Score Report or Examinee’s Score Report. The score must be PBT500, iBT61, or higher.
TOEIC: Official Score Certificate of TOEIC test or IP test. The score must be 586 or higher.
IELTS: IELTS (Academic Module) Test Report Form. The score must be 5.0 or higher.
* We also accept expired scores.
* English test scores may not be necessary for the applicants who are native speaker of English or graduated universities in the countries where English is a native language and education is made in English.

When reporting TOEFL score, applicants may either have Official Score Report sent directly to SOKENDAI Student Affairs Section, or submit an original or copy of Examinee’s Score Report along with application. Deadline for submission of TOEFL Official Score Report is the same as deadline for application. In the case of submitting a copy of Examinee’s Score Report, applicants must submit the original by Friday, October 21, 2022. (Not e-mail)

When reporting TOEIC score, applicants must submit an original or copy of Official Score Certificate or Score Report of IP test along with application. In this case of submitting a copy, applicants must submit the original by Friday, October 21, 2022. (Not e-mail)

When reporting IELTS score, applicants must submit an original or copy of IELTS (Academic Module) Test Report Form along with application. In this case of submitting a copy, applicants must also submit the original by Friday, October 21, 2022. (Not e-mail)

Please be advised that if the applicant fails to present the original, he / she will not be considered for admission.

Note:
Dates and venues for these English tests are limited. If you intend to apply to Molecular Science Program, we recommend that you take one of the English tests ahead of time.

3. Financial Supports
We will provide financial supports as Research Assistant program. We will also provide IMS SRA Supports to outstanding students. For details of IMS SRA Supports, see the website:

10 General Notes

(1) Before applying and taking the entrance examination, applicants should read through “Important Notes” and IV. The course subjects and the faculty members.

(2) Submitted documents shall not be returned. No changes or alternations to the submitted documents will be accepted after filing.

(3) Admission might be revoked in case of any false entry or act of dishonesty on application documents and other documents.

(4) Applicants who wish to transfer to SOKENDAI from other graduate school must contact Student Affairs Section before the last day of the application period.

(5) Applicants with disabilities who require special consideration at the examination and after enrollment are advised to inform SOKENDAI three months prior to the application period.

(6) Applicants should inform the Student Affairs Section if they wish to withdraw their application.

(7) In case the applicant has changed the mailing address after submitting the application documents, please inform the Student Affairs Section of the change.

E-mail: gakusei@ml.soken.ac.jp, or Fax: +81-46-858-1632

(8) Students are not allowed to simultaneously register at other universities while studying at SOKENDAI.

(9) Please be sure to check our website for any changes in the method of admission selection due to the impact of new coronavirus infection or other factors.

11 Security Export Control

Depending on the specifics of the education and research instructions they wish to receive upon entering the program, applicants may be subject to regulations on the export/transfer of controlled technologies based on the Foreign Exchange and Foreign Trade Law. Please consult the program office for further details.

12 Privacy Policy

(1) Any personal information including applicant’s name and address submitted to SOKENDAI as part of the application documents shall be used during the application process such as applicant/examination procedures, notification of results and admission procedures. After enrollment, personal information shall also be used for student affairs (school register and course registration), student services (health care, tuition exemption and scholarship application, and career support) and administrative purposes of processing payments for entrance and tuition fees.

(2) Personal information obtained in the screening process such as examination results, shall be used for aggregate analyses of examination results and research for use in the screening process.
Important Notes for Applicants to Molecular Science Program  
(Three-year Doctoral Program)

This program, offered by the Institute for Molecular Science (Okazaki City), fosters a future generation of researchers who will establish a systematic understanding of molecules—which are the basic constituent units of matter—and elucidate the diverse phenomena that matter presents. We aim to produce graduates who can conduct advanced research (experiments, measurements, theories, etc.), rationally understand the results of their research, challenge unexplored problems with creative ideas, create new intellectual values and universal truths, and contribute to the development of humanity based on molecular science.

1. Application
Read throughout the Application Guidelines and our website for admission information in preparing Application documents:  
Applicants must contact prospective academic advisors prior to the submission of the application documents, and obtain in advance his/her agreement to their supervision for the PhD research work. It is also recommended for applicants to consider second choice of the academic advisor and contact him/her as well.
For details of research subjects of faculty members, see the websites:
https://www.ims.ac.jp/en/education/group_list.html
Applicants can also contact their expected academic advisors directly by e-mail. The website of Institute for Molecular Science, where educations and researches take place, and that of education program, are as follows:
https://www.ims.ac.jp/en/
https://www.ims.ac.jp/en/education/
Applicants can apply to the second-choice program from Astronomical Science, Fusion Science, Space and Astronautical Science, Materials structure Science, Global Environmental Studies, Basic Biology, Physiological Sciences or Integrative Evolutionary Science. Please note that screening is conducted individually, and the date or venue may differ depending on the screening.

2. Selection Method
Selections will be done based on examining submitted application documents and interview. In the interview, applicants shall present details of their previous researches (Master's thesis or equivalence) for 15 minutes, a research plan for PhD for 5 minutes, and subsequently questions and answers for 10 minutes. The interview is conducted either in Japanese or in English.
*The interview will be conducted remotely via online.

3. Criteria for grading and evaluation
In the interview, applicant's academic ability, research ability, motivation for researches, creativity and potential shall be comprehensively evaluated. In addition to the interview results, applicant's previous researches and academic transcripts are taken into consideration for judgment.
4. Financial Supports
We will provide financial supports as Research Assistant program. We will also provide IMS SRA Supports to outstanding students. For details of application to IMS SRA Supports, see the website:
Those who are applying for IMS SRA Supports, interview will be conducted as stated in selection method for IMS SRA Supports.
