9. Selection Schedule and Method

We will carry out the selection by two steps. The first step is paper screening and the second step is interview. Only the applicants who passed the paper screening can proceed to the interview.
[Five-year doctoral program]
(1) Paper screening
We will review English score record (TOEFL iBT or IELTS), GRE Subject Test (Physics) Score Record and other application forms carefully and decide whether the applicant can proceed to the interview or not. We will notify the result of the paper screening to the applicants via e-mail by two weeks before the interview day.

(2) Interview
We will ask applicants of their past study, research plans and other general matters. The interview will be held on December 2, 2022.

[Three-year doctoral program]
(1) Paper screening
We will review English score record (TOEFL iBT or IELTS) and other application forms carefully and decide whether the applicant can proceed to the interview or not. We will notify the result of the paper screening to the applicants via e-mail by two weeks before the interview day.

(2) Interview
Applicants are asked to have a presentation on their past study first. Then an oral examination follows. At the oral examination, applicants are provided with a text about basic physics and astronomy in English and to answer questions based on it. Following that, interview is carried out to review the applicant's research plans and other general matters. The interview will be held on December 2, 2022.

10. Announcement of Result
The result will be announced to all applicants in late December 2022 via email.
