

Graduate Institute for Advanced Studies, SOKENDAI
[Integrative Evolutionary Science Program]
Doctoral Program 2024
Special Admissions for Applicants Residing Abroad
(Privately Financed International Students)

1. General Prospectus

The Graduate University for Advanced Studies, SOKENDAI was founded on October 1, 1988 as one of the national universities of Japan. The basic idea of SOKENDAI is to develop a new system of postgraduate education in Japan. Its key features are as follows;

- 1) SOKENDAI offers both three-year and five-year doctoral programs.
- 2) SOKENDAI consists of 20 programs under one institute operated by 20 Inter-University Research Institutes and Independent Administrative Institutions (“parent institutions”)
- 3) Research and education are carried out in close cooperation with the parent institutions.
- 4) Broad and international visions are fostered by enhanced interchange among various institutions and other universities in Japan and abroad.

The parent institutions provide Japanese and foreign scientists with opportunities to conduct advanced joint research in various branches of science. They are equipped with extensive research facilities and function as centers for advanced studies. At present, they are cooperating in establishing a world-class program of postgraduate education in SOKENDAI.

[Admission Policy]

<What SOKENDAI expects of our grad students>

The Graduate University for Advanced Studies, SOKENDAI, seeks students who have a strong interest in research, who constantly hone their abundant intellect and sensitivity with the aim of conducting research that will open up a new era, while taking a “bird's-eye view” of the entire field of study, and who have the will and enthusiasm to be active on the international stage.

<Basic policy for the selection of our grad students>

In selecting students for admission, SOKENDAI places importance on basic academic ability and logical thinking ability to actively promote research in the cutting-edge 20 research institutes affiliated to SOKENDAI. In order to properly judge such abilities, various selections will be made according to the respective fields of specialization.

2. Integrative Evolutionary Science Program Outline

The Integrative Evolutionary Science Program at SOKENDAI (the Graduate University for Advanced Studies) offers stimulating multidisciplinary educational programs for graduate students. Our aim is to cultivate students with deep knowledge of evolutionary science, together with a strong awareness of the role and impact of their studies within our society. A varied study program is provided by skilled professors and lecturers in the fields of Integrative Anthropology, Behavioral Biology, Evolutionary Biology, Theoretical Biology, and Science and Society.

Our students follow multidisciplinary education programs covering Evolutionary Studies, and Science and Society. We provide a wide range of dissertation courses for students. The sub-thesis is a key feature of our educational program. Students who choose a biological topic for their primary research are required to write a sub-thesis in the field of Science and Society (and vice versa). Our educational supervision follows the maxim of "all-for-one": every student is supervised by all the professors and lecturers of our program.

3. Doctoral Degree Requirements

A Doctor of Philosophy degree shall be conferred on students who have satisfied the requirements of their respective doctoral programs as prescribed below.

[Three-year doctoral program]
