

Important notice for applicants

1. Alternative measures for GRE Physics score submission

For applicants to the five-year doctoral program who were unable to submit GRE score within the application period due to the effect of COVID-19, Department of Astronomical Science will hold an online exam as an alternative.

Date of examination: November 20, 2020

* More details and schedule will be sent to applicants on an individual basis.

2. About interview

For applicants who passed the paper screening, Department of Astronomical Science will conduct an online interview on December 11, 2020. The department will notify the result of the paper screening to the applicants via e-mail by two weeks before the interview day.
