

Guidelines for the 2nd SOKENDAI NETWORKING Poster Exhibition

【Purpose】

The 2nd SOKENDAI NETWORKING, will be held as an opportunity for students and faculty to gather, exchange research, and socialize casually. The event aims to foster a broad perspective that goes beyond the boundaries of academic disciplines, while also building connections among people from different fields who are normally apart from each other.

Students participating in this event are encouraged to present posters showcasing their research to spark discussions and foster academic exchange during the session.

【Guidelines】

- It is not necessary to create a new poster specifically for this event. Posters previously created for academic conferences or similar events are also acceptable.
- Please bring your poster to the 2nd SOKENDAI Student Networking Event and display it on the poster boards at the venue according to staff instructions. The content is open-ended, as long as it relates to your own research.
- The standard poster size is A1, but A0 posters may also be acceptable. Posters may be made of paper or fabric.
